

PRODUCT NO. 5713

**DOTLUX Remote control for SURFACEsensor SURFACEsensor-exit 120 lm/W**

to the product page

Remote control for DOTLUX SURFACEsensor and SURFACEsensor-exit

This remote control is required to set the motion sensor and the daylight sensor of the SURFACEsensor luminaires.

- You only need one remote control for any number of luminaires
- The remote control must be pointed at the light to change settings (infrared)
- The light visually confirms the setting by flashing

The following values can be set:

- Range range in 3 stages (100%, 75%, 50%, 25%) 3-5m
- Daylight sensor in 3 levels (Off, 15Lux, 50Lux)
- Light duration ( 5sec, 1min, 5min, 10min)
- Standby brightness ( OFF, 10%, 30%)
- Standby time ( 1min, 10 min, permanent)
- Night light (3% standby)
- Sensor (on, off)
